

Qingyu LIU

qliu91@jh.edu, <https://qingyuliu0521.github.io/>

EDUCATION

Johns Hopkins University Baltimore, MD <i>M.S.E. in Electrical and Computer Engineering</i>	Aug. 2025 – Present
Shanghai Normal University Shanghai, CHN <i>B.S. in Electronic Information Engineering</i> (Outstanding Graduate) GPA: 3.95/4.00 (Rank: 2/523, Top 0.5%) TOEFL iBT: 104	Oct. 2020 – Jun. 2024

RESEARCH EXPERIENCE

Cross-Lingual F5-TTS v1, Shanghai Jiao Tong University X-LANCE Lab <i>Core Member</i> Supervisor: Prof. Xie Chen - Proposed generating audio prompts via F5-TTS inference to replace forced alignment for transcript-free voice cloning training in original Cross-Lingual F5-TTS. - Developed a data construction pipeline via F5-TTS inference for each training sample with quality filtering. - Achieved SOTA performance on the LibriSpeech-PC test-clean benchmark by fine-tuning the pretrained Cross-Lingual F5-TTS with the combination of real and synthetic data.	Nov. 2025 – Present
Multilingual F5-TTS, Shanghai Jiao Tong University X-LANCE Lab <i>Core Member</i> Supervisor: Prof. Xie Chen - Developing a multilingual text-to-speech system based on F5-TTS. - Optimizing text tokenizers for Multilingual F5-TTS.	Oct. 2025 – Present
Cross-Lingual F5-TTS v0, Shanghai Jiao Tong University X-LANCE Lab <i>Core Member</i> Supervisor: Prof. Xie Chen - Developed a novel framework based on F5-TTS with MMS forced alignment that enables cross-lingual zero-shot voice cloning without requiring audio prompt transcripts. - Designed and trained speaking rate predictors to derive speech duration from audio prompt pace. - Deployed an interactive online demo on Hugging Face Space for public evaluation.	Mar. 2025 – Sep. 2025
Infant Cry and Snoring Detection, Shanghai Normal University <i>Leading Researcher</i> Supervisor: Prof. Yanhua Long - Constructed and open-sourced the Infant Cry and Snoring Detection (ICSD) dataset for public research use. - Proposed the Competitive CRNN+BEATs method, significantly improving system performance on the ICSD dataset. - Released the ICSD dataset and baseline codes on GitHub.	Nov. 2023 – Jul. 2024

INTERNSHIP EXPERIENCE

Johns Hopkins University, Center for Speech and Language Processing <i>Research Assistant</i> Supervisor: Prof. Berrak Sisman	Dec. 2025 – Present
Shanghai Jiao Tong University, X-LANCE Lab <i>Remote Research Assistant</i> Supervisor: Prof. Xie Chen	Aug. 2024 – Present

AWARDS

Gold Award , 10th China International College Students "Internet+" Competition	June. 2024
Gold Award , 14th Challenge Cup	July. 2024
First Prize , 14th China National Undergraduate "Innovation, Creativity, and Entrepreneurship" Challenge	May. 2024
Gold Award , 9th "Think Youth" Digital Creation, Innovation & Entrepreneurship Competition	Apr. 2024
Excellent Project Completion , National Undergrad Training Program (Top 5%)	Nov. 2024
